## PHIL GOODMAN

“In the late 1970’s, a group of people in Atlanta started getting serious about the game called *PINOCHLE*... The more they played the game the more they *DREAMED* of forming a club for Pinochle Players.” For one such member of that group, the *DREAM* was even grander. Mr. Goodman envisioned an association whose membership would extend across the United States – even abroad. Member of the first Board of Directors. First Vice President of NPA. Wrote a pamphlet “Double Deck Pinochle” for new players. Retired military.
